WILL FREIGHT RATES BE REDUCED?

A CHANGE IN THE POOL RULES DEMANDED TO PREVENT DEMORALIZATION.

The reduction in east-bound freight rates demanded by the Baltimore and Ohio Railroad was to lower freight than at first reported. The tariff rates asked for were on the basis of eleven cents per 100 pounds on grain from Chicago to New York, against the present tariff of fifteen cents. The company declares that rates have been cut from St. Louis to the basis of the reduction demanded, the officers being the Baltimore and Ohio Railroad, the Chicago and North Western, the Erie and the Pennsylvania Railroad. Commissioner Fink has already received from the Indianapolis and St. Louis road a postal order of the same amount. A meeting of the presidents of the trunk lines will probably be held next week to consider the situation. The Erie and the New York Central are bitterly opposed to a lowering of the tariff, and some of their managers go so far as to say that they will not consent to it.

The question is called for under a rule of the pool adopted at a meeting of the presidents last year. Its vigorous application by the Pennsylvania Railroad started the New York road, and when the reduction from twenty to fifteen cents on grain was made they endeavored valiantly to secure the Pennsylvania's consent to a modification of it. Since then correspondence on the subject has taken place without result. The New York road has refused to accept a reduction of rates, and has proved to be a difficult case. The Erie and the Pennsylvania are in a position to refuse to accept a reduction of rates, and have refused to do so. The Erie and the Pennsylvania are in a position to refuse to accept a reduction of rates, and have refused to do so. The Erie and the Pennsylvania are in a position to refuse to accept a reduction of rates, and have refused to do so.

QUESTIONING A COMMISSIONER'S POWERS.

The State Railroad Commissioners spent yesterday morning in considering the question of jurisdiction raised by the New York, Lake Erie and Western Railroad Company in the case of the Atlantic Coast Line. The commissioners had decided yesterday that the Erie and the New York Central had violated their tariff by raising rates to thirty cents per ton, the Erie having its tariff to twenty-seven and a half cents. The Erie and the New York Central had violated their tariff by raising rates to thirty cents per ton, the Erie having its tariff to twenty-seven and a half cents. The Erie and the New York Central had violated their tariff by raising rates to thirty cents per ton, the Erie having its tariff to twenty-seven and a half cents.

Colonel Follis would say that if the matter had been left to the courts, it would have been decided in favor of the Erie and the New York Central. The Erie and the New York Central had violated their tariff by raising rates to thirty cents per ton, the Erie having its tariff to twenty-seven and a half cents. The Erie and the New York Central had violated their tariff by raising rates to thirty cents per ton, the Erie having its tariff to twenty-seven and a half cents.

FIRMNESS OF THE MISSOURI RIVER.

Dr. William B. Scott, professor of geology in Princeton College, lectured last night in Hamilton Hall, Columbia College, on the "Evolution of the Forest of the Missouri River." He described the bad lands as ancient lake basins, in which whole series of animals had been entombed. In the tertiary epoch these basins had been in a tropical zone, and were moist and low-lying. During this period there had been a succession of great floods, and the basins had been filled with water. The basins had been filled with water, and the basins had been filled with water.

QUARRELS IN THE HOUSE.

NEW ELEMENTS OF DEMOCRATIC DISCORD.

PARTY FRIENDS DENOUNCING THE EFFORTS TO HUMILIATE RANDALL—HEWITT'S CHARGES.

(BY TELEGRAPH TO THE TRIBUNE.)

WASHINGTON, April 25.—The Democratic family quarrel in the House is daily becoming more bitter as new elements of discord appear. The personal misunderstanding between Messrs. Randall and Dismeyer on Wednesday resulted in a systematic and successful effort to humiliate the former. As chairman of the most important committee of the House, Mr. Randall had a right to expect that his personal matters in connection with a conference committee would be treated with respect. The House and the Senate, that is the course which for years has always been taken, except when the Appropriations Committee has indicated a desire for discussion. To reverse this ordinary course was equivalent to a vote of "want of confidence" in the committee. The reversal was brought about by the active efforts of Messrs. Blackburn, Dismeyer, A. S. Hewitt, Hurd, and other Democrats who favor tariff legislation, and who, it is asserted, were anxious to punish Mr. Randall for what they regard as his contumacious opposition to consideration of the Morrison bill. Mr. Dismeyer also naturally felt a personal desire to "get even" with Mr. Randall.

The defeat of yesterday, however, seems likely to react in Mr. Randall's favor. Many prominent Democrats today were outspoken in their denunciation of the efforts to humiliate Mr. Randall, and declared that it was unjustifiable as well as impolitic. Another matter which provoked considerable unfavorable criticism among Democrats today was the House's action in passing a bill to limit the power of the House to investigate the conduct of its officers. The bill was introduced by Mr. Hewitt, and was supported by Messrs. Blackburn, Dismeyer, A. S. Hewitt, Hurd, and other Democrats who favor tariff legislation.
